The club will be in charge Sunday afternoon April 23. Mrs. C. A. White gave the report of the City Federation, and Mrs. Frank L. Clark the report of the educational committee. Mrs. James M. Wheeler was elected to membership. Plans were completed for the annual picnic to be given May 1 at Wheeler park, and Mrs. George Larkins will be chairman of the committee on arrangements. The lesson was a continuation of the study of the North American Indian, under the leadership of Mrs. R. E. L. Hitt, who told of Pontiac the Red Napoleon, a friend of the French in the French and English war who received his name for his courage and unflinching bravery in battle, but who met his death by being betrayed to the English by another Indian. Mr. M. Baughman told of the southern Indians and Dr. Wm. H. Sturges in speaking of the Old French War, told of the courage it instilled in the American colonists when they saw the English of whose prowess in war they had such great ideas, show unexpected weakness beneath the attacks of the French. It was in this war that George Washington first came into prominence. Mrs. C. E. Fink gave a brief talk on the Pontiac war. The club will meet next Monday in the library.
